1. Aims

Our SEND policy and information report aims to:

- Set out how our academy will support and make provision for pupils with special educational needs (SEND)
- Explain the roles and responsibilities of everyone involved in providing for pupils with SEND

Alkborough Primary Academy aims to support pupils with special educational needs and disabilities by seeking to remove barriers to learning and facilitating participation in all aspects of school life.

The SENDCo, class teachers and assistant teachers work closely together to provide a wide range of support service for pupils and their families within the academy and facilitate support from outside agencies if required.

We offer a variety of support for pupils with individual needs including: in-class support, one to one or small group interventions in English and mathematics and personalised intervention packages for pupils with additional needs. We also provide pastoral support packages for pupils who may have social, emotional and mental health difficulties. By working closely with a number of external agencies, we can also offer bespoke packages.

2. Legislation and guidance

This policy and information report is based on the statutory [Special Educational Needs and Disability \(SEND\) Code of Practice](#) and the following legislation:

[Part 3 of the Children and Families Act 2014](#), which sets out schools' responsibilities for pupils with SEND and disabilities

[The Special Educational Needs and Disability Regulations 2014](#), which set out schools' responsibilities for education, health and care (EHC) plans, SEND co-ordinators (SENDCOs) and the SEND information report

This policy also complies with our funding agreement and articles of association.

3. Definitions

A pupil has SEND if they have a learning difficulty or disability that calls for special educational provision to be made for them.

They have a learning difficulty or disability if they have:

- a significantly greater difficulty in learning than the majority of the others of the same age, or
- a disability which prevents or hinders them from making use of facilities of a kind generally provided for others of the same age in mainstream schools

Special educational provision is educational or training provision that is additional to, or different from, that made generally for other children or young people of the same age by mainstream schools.

4. Roles and responsibilities

4.1 The SENDCO

The SENDCO is Mrs Flowitt

kflowitt@coritani-iet.co.uk

They will:

- work with the principal and SEND governor to determine the strategic development of the SEND policy and provision in the academy
- have day-to-day responsibility for the operation of this SEND policy and the co-ordination of specific provision made to support individual pupils with SEND, including those who have EHC plans
- provide professional guidance to colleagues and work with staff, parents, and other agencies to ensure that pupils with SEND receive appropriate support and high-quality teaching
- advise on the graduated approach to providing SEND support
- advise on the deployment of the academy's delegated budget and other resources to meet pupils' needs effectively
- be the point of contact for external agencies, especially the local authority (LA) and its support services
- liaise with potential next providers of education to ensure that the academy meets its responsibilities under the Equality Act 2010 with regard to reasonable adjustments and access arrangements
- ensure the academy keeps the records of all pupils with SEND up to date

4.2 The SEND governor

The SEND governor will:

- help to raise awareness of SEND issues at governing board meetings
- monitor the quality and effectiveness of SEND and disability provision within the academy and update the governing board on this
- work with the principal and SENDCo to determine the strategic development of the SEND policy and provision in the academy

4.3 The Principal

The principal will:

- work with the SENDCo and SEND governor to determine the strategic development of the SEND policy and provision within the academy
- have overall responsibility for the provision and progress of learners with SEND

4.4 Class teachers

Each class teacher is responsible for:

- the progress and development of every pupil in their class

- working closely with any Assistant Teacher or specialist staff to plan and assess the impact of support and interventions, and how they can be linked to classroom teaching
- working with the SENDCO to review each pupil's progress and development, and decide on any changes to provision
- ensuring they follow this SEND policy

5. SEND information report

5.1 The areas of SEND that are provided for

Our academy currently provides additional and/or different provision for a range of needs, including:

- communication and interaction, for example, autistic spectrum disorder and speech and language difficulties
- cognition and learning, for example, dyslexia and dyscalculia
- social, emotional and mental health difficulties, for example, attention deficit hyperactivity disorder (ADHD)
- sensory and/or physical needs, for example, visual impairments, hearing impairments and those associated with ASD.
- Moderate/severe/profound and multiple learning difficulties

5.2 Identifying pupils with SEND and assessing their needs

Alkborough Primary Academy is committed to the early identification of special and additional educational needs and adopts a graduated response in line with the Code of Practice 2014. Pupils who are making expected progress in line with their target grades and not receiving 'additional to' or 'different from' provision are not deemed to have SEND, despite any diagnosis or screening previously conducted.

We will assess each pupil's current skills and levels of attainment on entry, which will build on previous settings and Key Stages, where appropriate. Class teachers will make regular assessments of progress for all pupils and identify those whose progress:

- is significantly slower than that of their peers starting from the same baseline
- fails to match or better the child's previous rate of progress
- fails to close the attainment gap between the child and their peers
- widens the attainment gap

Once pupils are attending Alkborough Primary Academy this continues with a range of in-house assessments and mechanisms including:

- on-line reading tests for all pupils
- reading, spelling and mathematics tests for identified pupils
- dyslexia screening for identified pupils
- dyscalculia screening for identified pupils

- close tracking of academy assessment and data.
- discussion with teachers and observations
- readiness for learning assessments
- strengths and difficulties questionnaire

This identification of particular individual needs of pupils is a collaborative process between teachers, support staff, the SENDCo, the pupil and parents/guardians.

When appropriate, external agencies are asked for advice, such as the Educational Psychology Team, ASET, CAMHS, Speech & Language Team, Occupational Therapy, Physiotherapy, Medical Professionals and the Nursing Service.

When deciding whether special educational provision is required, we will start with the desired outcomes, including the expected progress and attainment, and the views and the wishes of the pupil and their parents. We will use this to determine the support that is needed and whether we can provide it by adapting our core offer, or whether something different or additional is needed.

5.3 Consulting and involving pupils and parents

We will have an early discussion with the pupil (where age appropriate) and their parents when identifying whether they need special educational provision. These conversations will make sure that:

- everyone develops a good understanding of the pupil's areas of strength and difficulty
- we take into account the parents' concerns
- everyone understands the agreed outcomes sought for the child
- everyone is clear on what the next steps are

5.4 Assessing and reviewing pupils' progress towards outcomes

We will follow the graduated approach and the four-part cycle of **assess, plan, do, review**.

The class or subject teacher will work with the SENDCO to carry out a clear analysis of the pupil's needs. This will draw on:

- the teacher's assessment and experience of the pupil
- their previous progress and attainment or behaviour
- other teachers' assessments, where relevant
- the individual's development in comparison to their peers and national data
- the views and experience of parents
- the pupil's own views
- advice from external support services, if relevant

The assessment will be reviewed regularly.

All teachers and support staff who work with the pupil will be made aware of their needs, the

outcomes sought, the support provided, and any teaching strategies or approaches that are required. We will regularly review the effectiveness of the support and interventions, and their impact on the pupil's progress.

5.5 Supporting pupils moving between phases and preparing for adulthood

We work very closely with local secondary academies and nursery provisions for EYFS and Year 6/7 transition. The SENDCO will attend the EHCP reviews where possible and meet with the academy staff to discuss high need pupils.

5.6 Our approach to teaching pupils with SEND

Teaching staff are supported by the SENDCO providing tailored support to pupils across the curriculum and participate in the review process for pupils with special educational needs however, teachers are responsible and accountable for the progress and development of all pupils in their class.

High-quality teaching is our first step in responding to pupils who have SEND. This will be adapted for individual pupils. We will also provide a variety of intervention.

Support staff provide continuity of support and expertise across the academy. Support is provided to pupils in class, in groups or on a one to one basis under the direction of the class teacher.

5.7 Adaptations to the curriculum and learning environment

We make the following adaptations to ensure all pupils' needs are met:

- adapting or scaffolding our curriculum to ensure all pupils are able to access it, for example, by grouping, 1:1 work, teaching style, content of the lesson, etc.
- adapting our resources and staffing
- using recommended aids, such as laptops, coloured overlays, visual timetables, larger font, etc.
- adapting our teaching, for example, giving longer processing times, pre-teaching of key vocabulary, reading instructions aloud, etc.

5.8 Additional support for learning

We have assistant teachers who are trained to deliver a variety of interventions. Assistant teachers will support pupils on a 1:1 basis as required.

Assistant teachers will support pupils in small groups when required.
